Date: Oct 22, 2026

Location: Houston, TX, US

Company: Hatch

Requisition ID: 101973

Job Category: Campus

Location: Houston, TX, United States

Join a company that is passionately committed to the pursuit of a better world through positive change. With more than 70 years of business and technical expertise in mining, energy, and infrastructure, our 10,000 colleagues in 150 countries tirelessly work toward bettering the industries in which we operate. With practical solutions that are safe, innovative and sustainable, we think globally while acting locally. Are you looking for an opportunity to join a diverse group of professionals who are committed to remaining exceptional? We look forward to hearing from you.

CORE brings together the necessary elements of a project to achieve nameplate value and deliver peak asset performance. We take a staged approach to verifying technical readiness and ensuring organizational preparedness, right up to achieving full operational capacity.

Looking to get the most out of your upcoming internship?

Hatch is seeking a Commissioning Intern. Reporting to the Business Practices Consulting group, you will support offices globally working from our Houston, TX office location.

We're entrepreneurs with a technical soul. Our flat organizational structure creates an atmosphere of openness and participation. We build practical solutions that are safe, innovative, and sustainable. Our ultimate goal is to achieve no harm for our people, our clients, and our communities.

At Hatch, we greatly value in-person interaction and collaboration and are therefore an in-office environment. While flexibility is always provided to work remotely when needed, we encourage our teams to be in the office for most of the time. We encourage candidates to connect with their recruiter and hiring manager to understand workplace expectations and ensure the role aligns with their goals.

Hatch will not provide sponsorship for employment visas or participate in STEM OPT for this position.

Qualifications:

- Currently pursuing a bachelor's or master's degree in electrical, computer, mechanical, chemical, or process engineering
- Minimum of a cumulative 3.0 GPA on a 4.0 scale

As the successful candidate, you will:

Support commissioning planning and setup activities

- Provide technical support for testing and data collection during the pre-commissioning and commissioning phase of the project
- Assist in technology development initiatives in the group including investigating alternate and supporting commissioning software
- Support technology initiatives to improve the efficiency of the commissioning process and a different perspective on approaches to execution
- Assist in the development of test plans and commissioning procedures
- Participate in field testing and troubleshoot/optimize equipment that is not performing
- Process the test results, data collection, progress measurement and documentation of results
- Support development of commissioning estimates, budgets, forecasts, schedules, commissioning proposals and presentations
- Coordinate with construction planning team to align commissioning systems are coordinated with construction work packages, engineering and procurement
- Review P&IDs, Flow Diagrams, Single Line Diagram, Network Architecture Drawings and engineering registers to prepare an execution plan and estimate to execute pre-commissioning and commissioning services and identify opportunities for project acceleration
- Assist in establishing the commissioning requirements for pre-fabrication and modularization

You bring to the role:

Working knowledge of Microsoft Office applications

- Experience using Visio or similar tools to communicate commissioning sequence, organizational charts and workflow processes is an asset

Effective report writing skills, planning and organizational skills

- Willingness to travel to various Hatch offices, project, and supplier sites subject to project requirements
- Previous co-op or internship experience in project execution, commissioning, or construction on industrial projects is considered an asset

Requirements for all sectors:

- To live our manifesto. Our vision and values that set us apart from our competition, put our planet first, and make each day a step toward positive change. Read more here: Hatch Manifesto
- Perform assignments related to your sector
- Assist with preparation of detailed design for projects
- Support preparation of drawings from detailed notes and specifications
- Coordination with other technicians/engineers on projects
- Provide support to Senior Engineers and Designers as and when needed

Why join us?

- Work with great people to make a difference
- Collaborate on exciting projects to develop innovative solutions
- Join a top employer in the industry

What we offer:

- Opportunities to contribute to complex projects around the world in meaningful ways
- Work on problems and gain experience relevant to your field of study in an office environment
- Collaborate with diverse teams locally and globally.
- Work in an exciting environment where you can apply your academic learning daily

- Benefit from formal and informal mentorship from some of the leading minds and authorities in the industry
- Participate in local Lunch & Learns, Hatch Charity Events, Student Showcases, and more to develop your skills
- Join in charitable, social, and sports activities with other Hatch employees

Note: Applicants must submit a transcript (official or unofficial) upon application.

Don't meet every single requirement? You don't need to. At Hatch, we are building a diverse, inclusive workplace that fosters innovation. If you're interested in this role, we encourage you to apply even if your past experiences don't perfectly align with the skills we've listed.

We're committed to fostering a workforce that reflects the diversity of the communities in which we operate and serve. Hatch is an Equal Opportunity Employer that considers applicants without regard to age, race, color, national origin, citizenship, religion, creed, gender, sexual orientation, marital status, disability, veteran, or any other protected status. If you have any accommodation requirements, please let us know. We'll do our best to meet your needs in accordance with applicable local legislation.
