Posting summary

What you would do

- Take on job assignments and project work in a live transformer factory
- Apply academic knowledge to practical projects
- Learn how engineering operations run on the factory floor
- Receive technical training, coaching and leadership programs
- Lead cross-team initiatives with ownership

What they ask for

- 3rd- or 4th-year engineering student in a relevant major
- Proficient in spoken and written English
- Teamwork, flexibility and openness to new ideas
- Attend the factory in person for the full internship
