Job description

WHY UT SOUTHWESTERN?

With over 75 years of excellence in Dallas-Fort Worth, Texas, UT Southwestern is committed to excellence, innovation, teamwork, and compassion. As a world-renowned medical and research center, we strive to provide the best possible care, resources, and benefits for our valued employees. Ranked as the number 1 hospital in Dallas-Fort Worth according to U.S. News & World Report , we invest in you with opportunities for career growth and development to align with your future goals. Our highly competitive benefits package offers healthcare, PTO and paid holidays, on-site childcare, wage, merit increases and so much more. We invite you to be a part of the UT Southwestern team where you'll discover a culture of teamwork, professionalism, and a rewarding career!

JOB SUMMARY

Works under minimal direction to provide technical skills required to generate, modify, and maintain computer operating system software of moderate complexity. We are seeking a self-reliant Software Systems Specialist to support our Electronic Medical Records (EMR) development team, a group of eight highly skilled analysts who provide expedient service support, impactful analysis, and quality project delivery. This role is central to advancing healthcare technology solutions that support more than 50 outpatient clinics and 10 inpatient units, spanning diverse and complex service lines such as Obstetrics, Maternal Fetal Medicine, Gynecology, Neonatology, Pediatrics, Urogynecology, Fertility, Psychiatry, Psychology, Primary Care, General Internal Medicine. Experience in Epic Stork, EpicCare Ambulatory, EpicCare Inpatient Clin-Doc or EpicCare Inpatient Orders is highly desirable. Certification or experience with any other Epic or other technology applications will also be considered. If not currently certified in a clinical application, the expectation is to obtain Epic proficiency with Honors in a clinical application within 30 days of hire. This position is eligible for a hybrid work schedule.

BENEFITS

UT Southwestern is proud to offer a competitive and comprehensive benefits package to eligible employees. Our benefits are designed to support your overall wellbeing, and include:

PPO medical plan, available day one at no cost for full-time employee-only coverage

100% coverage for preventive healthcare-no copay

Paid Time Off, available day one

Retirement Programs through the Teacher Retirement System of Texas (TRS)

Paid Parental Leave Benefit

Wellness programs

Tuition Reimbursement

Public Service Loan Forgiveness (PSLF) Qualified Employer

Learn more about these and other UTSW employee benefits!

EXPERIENCE AND EDUCATION

Required

Education

High School Diploma

Experience

5 years of computer operation, programming, or IT experience in a business setting or equivalent experience, including at least

1 year as Software Systems Specialist I or equivalent

An equivalent combination of education and directly related experience may be substituted in lieu of the stated requirements.

JOB DUTIES

Participates in analysis of software system problems of moderate complexity and formulates and implements solutions to such problems.

Performs programming, testing, and documentation.

Recommends development of system routines needed for efficient use of computer system resources; designs approved routines; oversees implementation.

May specialize in specific area of system software, such as telecommunications or information systems with responsibility for implementation and maintenance.

Participates in planning of enhancements and modifications to software; identifies impact of such changes.

Trains Software Systems Specialists I as required.

Performs other duties as assigned.

SECURITY AND EEO STATEMENT

Security

This position is security-sensitive and subject to Texas Education Code 51.215, which authorizes UT Southwestern to obtain criminal history record information. To the extent this position requires the holder to research, work on, or have access to critical infrastructure as defined in Section 117.001(2) of the Texas Business and Commerce Code, the ability to maintain the security or integrity of the critical infrastructure is a minimum qualification to be hired and to continue to be employed in the position.

EEO

UT Southwestern Medical Center is committed to an educational and working environment that provides equal opportunity to all members of the University community. As an equal opportunity employer, UT Southwestern prohibits unlawful discrimination, including discrimination on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity, gender expression, age, disability, genetic information, citizenship status, or veteran status.

Notes for ECS 1100 students

How this connects to your major

Computer Science: healthcare software, embedded systems, automation or secure computing. These are teaching annotations, not an employer guarantee of eligibility.

Use the degree and experience evidence to distinguish a first job from a later career step.

CS: Teaching interpretation of role tasks; major eligibility is not explicitly confirmed

Skills mentioned in the posting

Communication/teamwork

Eligibility excerpts not shown above

Compensation (source excerpts): Not stated in captured posting text.

Course sheet tags

Majors (teaching tags): CS; Career stage (teaching tag): Professional; check stated experience; Geography: DFW; Recruiting status at capture: Posting readable at capture; no closure notice found; Employment type: Full-time.
